Leadership Flight: We have also booked a group flight for those participating in our leadership program. The trip to Israel is Delta #466 and leaves from JFK on Tuesday, July 2, at 3:35 PM and arrives the next day at 9:35 AM. The return from Israel will be on our regularly scheduled Delta group flight to JFK.

Flight Credit

Anyone who chooses to book their own flight will receive a \$1600 tuition credit. Please send us a copy of your e-ticket and the credit will be assigned to your account.

Alternate Flight Plans

If you wish to fly only one way on the Group Flight, please contact our travel agent, Stuart Katz, at stuart@taltours.com. He'd also be happy to help with domestic flight connections and any additional travel needs. It is often cheaper and more efficient to book on one ticket with the group flight.

Arrivals – On July 10th our staff will be at Ben Gurion Airport from 12:00 PM until 7:00 PM to meet campers not on the group flight. A bus will be available from Jerusalem to the airport for any campers already in Israel (further information to follow in June). Those who would like to meet us at the airport, should arrive at 4:30 PM.

Departures – At the end of the trip, the group flights depart from Ben Gurion Monday night. All campers will be transported to Ben Gurion Airport, arriving at 8:00 PM. Anyone who is not flying that night should be picked up from the airport, or can be put into a taxi by our staff. We do not recommend picking up campers from anywhere other than the airport; the last hours of Mach Hach are precious and nobody wants to miss them! Passports are given out at the airport – if anyone does need to leave earlier that day, they may need to pick up their passport at the Bnei

Akiva office in Jerusalem at another time. Bnei Akiva is not responsible for transportation or lodging costs of any camper who has a flight that requires him/her to arrive at the airport at any other time.

Supervision

Members of the Senior Staff of Mach Hach BaAretz/Bnei Akiva will be present at all airports for the departures and arrivals of the group flights. Staff members will be on those flights to accompany and supervise the campers.

Domestic Connecting Flights

Campers from outside of New York who are flying into New York area airports to connect to the group flights can be met by Mach Hach staff and escorted to the group flight terminal. Those arriving in JFK or Newark should arrive 4 ½ to 6 ½ hours before the departure of their respective flight.

At the end of the program, we will escort campers to flight terminals at Newark or JFK. Connecting flights should not depart earlier than 3 ½ hours after arrival of the group flight. Please note that while it may be possible to catch an earlier connection, we cannot promise that we will be able to escort the camper to his/her terminal. **Please forward the e-ticket or flight itinerary to our office so we can give it to the camper before the flight, and so we can help everyone arrive at his/her proper connecting terminal on time for the flight.**

Passports

All participants holding a valid American or Canadian passport will receive a three-month tourist visa upon arrival in Israel. **Please make sure that your passport is valid for six months after the date of return from Israel.** Participants not holding a valid American or Canadian passport should contact our office to ascertain if a tourist visa must be obtained prior to your departure for Israel. All passports will be collected upon arrival in Israel and stored in our safe until the conclusion of the program.

Luggage

Because of the traveling nature of the program we recommend that you pack lightly. Each camper is allowed to bring one large suitcase and hand luggage; the storage space under the buses cannot accommodate more than that. We find that a sturdy duffel bag with wheels is best. In Israel, each camper will receive a Mach Hach backpack to be used for day trips and hikes. Airline baggage regulations allow each passenger to bring one bag weighing up to 50 pounds. Please see their websites for additional details and updates, and for carry-on luggage regulations
